Dangerous Concentration of Power: A bank owned by the largest corporation in the world would create a dangerous concentration of commercial and financial power.

Wal-Mart's Rocky History: Wal-Mart has a history of skirting, bending and even breaking the law for the sake of their bottom line. We should not trust them with an institution that is so important to the vitality and stability of our communities.

Wal-Mart's size: Wal-Mart is quick to remind critics that another retailer, Target Stores, also holds a banking charter. A Wal-Mart bank would pose risk to the FDIC and American fiscal security due to its sheer size.

Target's FY 2006 revenues were \$52 billion, only one-sixth the size of Wal-Mart's. A Wal-Mart ILC would dwarf those managed by any of the other companies that currently hold charters.
